

America Means Salvation to These Little Ones

The European Relief Council, which seeks to raise \$33,000,000 at the Christmas season, has been formed for the purpose of throwing the entire charitable energy of the United States into the vital task of providing food and medical assistance to 3,500,000 children in eastern and central Europe this winter. Representatives of eight great relief organizations, working independently, gathered overwhelming evidence that the plight of these unfortunate should take precedence in world charity until they are saved. The co-operating agencies which form the Council are the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of the Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

Children at the Bread Kitchens

Three and a half million children in eastern and central Europe wait, gaunt and pinched like these, at the American kitchens for the hot soup and bread that mean life to them. In the winters since the Armistice, America has been the one friend that had food to give them. It is a common sight in Europe today to see a child five or six years old whose head has not healed. With a healthy well fed baby the skull should close before two years. America must see these children through the rigors of another winter, and to that end eight great relief organizations have combined into the European Relief Council. They seek to raise \$33,000,000 to save this generation of Europe from death by starvation and the diseases that come with under-feeding.

WAGON LOADS OF NEED LIKE THIS IN POLAND are a commonplace sight on hundreds of roads in Europe. More than 1,300,000 Polish children received free American meals every day during the height of last winter. This winter the situation will undoubtedly be worse, as it will be in Austria and other portions left economically dazed by war. To prevent the greatest tragedy to children that the world has ever known eight great American organizations, under the name of the European Relief Council, are seeking \$33,000,000 for food and medical assistance.

30,000 YOUNGSTERS VICTIMS OF RICKETS

Of all diseases that are taking a deadly toll among the children of Vienna as the result of under-feeding rickets is proving the most serious and widespread menace. Not less than 30,000 children are suffering from this painful affliction, according to official estimates. To rescue these through providing proper food, clothing and medical attention that otherwise they cannot obtain the European Relief Council, composed of eight leading American relief agencies, is making a joint appeal for \$33,000,000 for the relief of 3,500,000 destitute and suffering European children.

1,500,000 POLISH CHILDREN SICK.

One million five hundred thousand children in Poland today need medical attention. Their condition has been caused by hunger and want. To save them the European Relief Council is appealing to the people of the United States for \$33,000,000 to carry on relief work in stricken Europe.

PLIGHT OF REFUGEE CHILDREN TERRIBLE

One hundred thousand Russian refugees in Poland are absolutely destitute, according to official estimates. The majority of them are women and children. The condition of the latter particularly is pitiful and they will be among the beneficiaries from the \$33,000,000 fund being raised by the European Relief Council, composed of eight leading American relief agencies for a joint appeal in behalf of the millions of little Europeans who can look only to America for the food, clothing and medical care that will make it possible for them to survive the winter.

CONTRIBUTIONS EXEMPT FROM TAXATION.

Contributions to the collection of the European Relief Council for the European children's relief fund are exempt from taxation and may be deducted from income tax returns, according to a ruling that has been made by the office of Internal Revenue in Washington.
